

NEW DEADLINE

Bio:

NEW DEADLINE is one of its genres spearheading groups in Finland. New Deadline's music is a blend of Nordic melancholy and positive aggression.

Their first full length album "REMEMBER" was released in August 2015. The first single "RODEO" made it's way to Finland's national radio station Ylex's A-playlist and was on heavy rotation for months during spring 2015.

New Deadline has supported their debut album by touring vigorously. They successfully supported the American pop punk superstars ALL TIME LOW on their nearly sold out show in Helsinki, Finland in June '15. In August 2015 they joined the Welsh post hardcore legends FUNERAL FOR A FRIEND on their tour in Germany. Later on in the year New Deadline set up the stage for RISE AGAINST on their visit to Helsinki and wrapped up the year with another run of dates in Germany.

New Deadline is currently working on their second album.
